

Update: TRACS 202.d Release Implementation Schedule

The Tenant Rental Assistance Certification System (TRACS) is preparing for TRACS 202.d Release to accommodate new and modified tenant certification processes that allow TRACS to verify tenant certification transactions and voucher payments consistent with Improper Payments Elimination and Recovery Act (IPERA) and HUD 4350.3 Rev-1 Change 4.

Industry partners have asked the Office of Multifamily Housing to extend the TRACS 202.c Release conversion date because many properties will not be able to make the transition to TRACS 202.d Release by February 1, 2015.

TRACS data indicates approximately 60% of properties submitting tenant certifications and vouchers to TRACS have made the conversion to TRACS 202.d Release; consequently, HUD has considered industry partner requests to extend the TRACS 202.c Release conversion date.

The Office of Multifamily Housing has agreed to a one-time 30-day extension because the new data for repayment agreements, veterans, homeless, DUNS Numbers, etc. contained in TRACS 202.d Release is needed for reporting purposes.

The Updated TRACS 202.d Release Implementation Schedule is as follows:

TRACS 202.d Release Conversion Start Date: August 1, 2014

TRACS 202.c Release Conversion End Date: Friday, February 27, 2015

TRACS 202.c Release Transactions Will Be Rejected: Monday, March 2, 2015
